# Combining the strengths of the IVC and Evidensia Academies

## An Academy for all in IVC and Evidensia

The new International Veterinary Academy will be designed to meet and exceed the learning and development needs of everyone within IVC and Evidensia, and will include a range of clinical and non-clinical CPD opportunities, delivered regionally and responsively.

Our internal teams will help design and deliver our programmes and we will take an innovative approach to everything that we do.

## PRACTICAL INFORMATION

This calendar is an overview of the courses run by Evidensia Academy in 2018.

The courses in purple are targeted for veterinarians and the courses in green are targeted for nurses - however, other veterinary professions are welcome too.

For detailed course descriptions and further information and registration please visit our website [www.evidensiaacademy.com](http://www.evidensiaacademy.com)

Evidensia Academy reserves the right to alter dates, venues and speakers.
